MILITARY [illegible] FOR BOY SCOUTS

CAMP JULY 19-28 NEAR GUILFORD TO BE RUN ON MILITARY BASIS

M. A. PEERY COMMANDENT

Strict Penally for A. W. O. L.—Sport and Recreation to Be Big Part of Camp Routine.

A real military camp, with "fatigue" duty, "K. P." and all the other joys of the soldier life, will be that which the Boy Scouts of Maryville and several surrounding towns will attend July 19 to 28, the site to be locatd in the vicinity of Guilford.

The camp this year is planned to be one of the most efficient which has yet been held, and although the boys will be given a touch of the discipline which is enforced in the adult military camps, they will also be afforded pleasures and relaxation which will be of the utmost benefit.

The camp will be in charge of M. A. Peery, who will bear the official title of "Commandant" and will be assisted in his duties by Clifford Hull, Paul Miller, Dick Hotchkin, and Frank Green.

The Maryville scouts, 50 strong, will "shove off" on their hike to the camp at 6 o'clock Saturday morning, July 19. "The boys will march, rain or shine," said Commandant Peery today, "and every boy must carry the full equipment prescribed in the manual to make him eligible to enter the camp. We want boys that are full of life and pep,,, he said, "and there will be no place on the program for the lazy, listless lad.

It is expected that the Boy Scouts of Ravenwood and Hopkins will march to the camp with the boys from this city and the troops at Burlington Junction and Maitland will go direct to the camp from their homes.

One of the features of the camp this year will be a wireless set by which communication will be held between the camp and Maitland. Townsend Godsey, of this city, has completed the outfit and will send and receive the "official orders" from the Maitland headquarters.

Strict rules have been set forth in regard to absence from the camp and the lad who goes A. W. O. L. will probably find himself facing a court martial with a dishonable discharge as the penalty.

Following are the rules and regulations which will be in force at the camp this summer:

Boy Scout Camp Rules, July 19-28.

1. No boy will be permitted to leave camp without pass. (Except when on detail in charge of an officer).

2. Swimming will be permitted only during swimming hours as designated on program, and then only when in charge of the proper officer. (No ducking or rough play will be per-

ST. JOSEPH STOCKYARDS DEFEAT MARYVILLE 7 TO 5

The Maryville Federals met their first defeat of the season yesterday afternoon at the hands of the St. Joseph Stockyards nine by a score of 7 to 3.

The second inning proved the downfall of the local club when a series of bobbles netted the Stockmen five runs.

After the "blow-up" the Federals settled down and held ther opponents to only two counters in the remaining seven innings. In the seventh, Monk, settled down and held their opponents Junction Boosters, entered the game for the Feds, and with two men on the bags and two down, hit a pretty double which scored two runs.

Sego, a former member of the Kansas City Blues, was the big card of the St. Joseph aggregation,and his delivery had the local tossers baffled up until late in the game.

Manager Black for the Federals, pitched a pretty game of ball throughout and although he was given somewhat ragged support in several instances, kept the St. Joseph hits well scatered. The line ups:

St. Joseph—Owens, cf; Maxwell, 2b; Scott, 3b; Speaker, rf; Kastner, 1b; Lauder, lf; Poolman, ss; Cox, c; Sego, p.

Maryville—Buhler, cf; Egley, lf; Ferguson, ss; Black, p; Miller, 3b; D. Collins, rf; Scarlett, 1b; Monk, 1b; Denis Collins, 2b; Tobin, c.

ABOUT DINNER AT WORKMAN CHAPEL

REV. SNODGRASS TOOK REV. C. R. GREEN'S PLACE ON PROGRAM

700 TO 1,000 THERE

Rev. Kerr Gave Morning Sermon—Christian Church Quartet and Harmony Duet Furnish Music.

The Workman Chapel held its annual basket dinner and special services yesterday. In the morning Rev. Kerr, pastor of the Methodist church of Clearmont, preached the sermon and the Mt. Pleasant choir and Misses Lucile and Letha Lawson furnished the music. At the afternoon service Rev. R. E. Snodgrass of the First Christian church of Maryville preached the sermon. In his address Rev. Snodgrass dwelt upon the allied interests of the rral and city church and the new problems confronting the church as the resit of the successful conclusion of the worl d wrae hT conclusion of the world war. The music for the afternoon's services was furnished by a male qartet of the First Christian church of Maryville, composed of H. J. Becker, Rev. R. E. Snodgrass, Hal Catterson and W. E. Goforth and a duet, composed of Miss Green and Miss Cox from the choir of the Harmony church.

Rev. C. R. Green of the Harmony church was to have made the address of the afternoon but was unable to be there, having been unexpectedly called away at the last minute. A crowd, estimated from 700 to 1,000, was in attendance.

The chapel was thoroughly cleaned and repaired for the occasion last Thursday by a group of people in that vicinity who donated their services to the work.

The roads before the chapel were thoroughly dragged and put into first class condition by Jim Bradshaw, Lawrence Asher, William Sherlock, DuMont Murphy.

Several outbuildings were also constructed on the premises, the material for the same being donated by the Ray Brothers Hardware Company of Pickering.

The work of cleaning up the chapel and grounds was done by Irvin Perry and wife, M. E. Buzzard, Arch Carmichael, John Cain and wife, DuMont Murphy, Merlin Smith, Fleta Smith, Mrs. S. G. Asher, Elma Hager, James Hager, Edward Hornbuckle, Marion Curry, Kin and Iver Lattimer, Herman Sear, Joe Workman and wife, Lawrence Asher, Charlie West, Ed Sherlock, Roy Sherlock, Gilbert Sherlock, William Sherlock, Dan Reynolds, Otis Smith, Ed Barker, Mrs. Flossie Tanner, Mrs. William Kluth, Lewis Bunn, George Kunkle, Edward Pearson, Ormand Mitchell, James Brashaw, Charles Workman.

Mrs. Martha A. Lamar Died Yesterday Morning at Home—Funeral at 2 P. M. Tomorrow.

Mrs. Martin A. Lamar, wife of N. B. Lamar, nearly all her life a resident of Nodaway County, died at 8:15 o'clock yesterday morning at her home, 506 South Buchanan street, after a week's illness of pneumonia. She was a native of Tennessee and was born Nov. 18, 1835. She came to this county from Knoxville, Tenn., when a young girl and had lived here since. She and Mr. Lamar were married in June, 1857. For almost forty years she had occupied the home at the corner of South Buchanan and Edwards streets. Besides her husband, she is survived by a daughter, Mrs. Virgil W. Keyne of this city, and a son, John J. Lamar of St. Louis. Funerela services will be held at 2 o'clock tomorrow at the home, conducted by Rev. W. C. Ferguson, pastor of the Baptist church, and Rev. S. A. Colle of the Presbyterian church. Interment will be in Miriam cemetery.

"LET THE HOGS DO IT" IS ADVISED

60 HOGS CLEAN UP 8-ACRE ALFALFA FIELD IN FOUR DAYS ON WATSON FARM

IT IS A CHEAP REMEDY

Army Worm Makes Its Appearance in the Rye Field on Ogden Farm—Menace Grows Over County.

Last Tuesday Harvey Watson came to town with some specimens of worms which were destroying an alfalfa field and learned that they were Army Worms. Among the remedies suggested was the turning of hogs into the infested field. Not having a sufficient number of hogs on the farm, some were borrowed from the neighbors. By Sunday the hogs had the pest pretty well destroyed and the Army Worm menace on the farm solved. Sixty head of hogs working less than four days cleaned up an eight-acre alfalfa field which is sure "going some" and a cheap riddance of the parasites that are destroying practically every alfalfa field in the county.

On the Cal Pierce farm there are thirty-three acres of alfalfa eight acres in one field and twenty-five acres in another. In the eight-acre field hogs have been running for some time and a careful examination yesterday showed that field free from worms. In the twenty-five acre field which had no hogs in it the worms were found in great number. It can be gathered from these two examples that the turning of hogs into alfalfa fields will help to solve the problem that confronts many of the farmers in the county.

Prof. L. M. Metzler, head of the Agricultural Department of the State Teachers College, who was called to the Ogden farm yesterday found that the Army Worm had made its appearance in a rye field on that farm in as large numbers as it appears in the alfalfa fields. In a wheat field situated next to the rye field not a single worm was found. It seems that the worms are increasing at an alarming rate over the county and may attack the wheat soon.

WABASH FREIGHT DERAILED

Five Cars Went Off Track—Traffic Held Up Until Five o'Clock This Morning.

An extra freight on the Wabash was partially derailed yesterday evening about 5 o'clock three miles east of town. Three oil tank cars and a box car or two went off the track. No member of the train crew was injured. The derailing held up the evening passenger train to Omaha nine hours and the St. Louis train seven hours and one-half. A wrecking train and crew from Stanberry worked until five o'clock this morning clearing the track. The morning trains ran on schedule time.

WILSON FAVORS BEER AND WINE

PRESIDENT STATES THAT MAJORITY FAVOR REPEAL OF WAR TIME PROHIBITION IN PART

CAN DO NOTHING NOW?

The President May Set Aside Law If the War Ends Legally with the Signing of the Treaty.

Paris, June 16.—The majority of the people of the United States favor of a repeal of the war time prohibition in so far as it effects light wines and beer, is the maintenance of President Wilson, but he also holds the position that he will be unable to prevent the law from going into effect, it was learned here today.

There is only one possibility that he will act. If Attorney General Palmer rules that the war ends with the signing of the treaty and the demobilization of the National Army and the National Guard, the President will set aside the war time prohibition.

CHILDREN'S DAY EXERCISES ATTRACT LARGE AUDIENCE

The annual Children's Day program given last night at the Baptist church was one of the most successful that has ever been given at the church and a large crowd gathered to witness the program put on by the little tots.

One of the features of the entertainment was the beautiful scenic work of the platform, which had been transformed into a veritable garden of flowers. Standing beneath an arch of roses, the little folks recited their pieces and gave their musical selections.

One of the most clever numbers on the program was the "Sunbonnet Babies and the Overall Boys". Six tiny couples between the ages of three and four, entertained the audience with their cute little songs and baby gestures.

During the program a number of flower girls distributed flowers among the audience.

After the final number, a collection was taken, the proceeds of which will go to the benefit of the Missouri Baptist Orphan's Home at St. Louis.

THIEVES MAKE A $300 HAUL AT PARNELL STORE

Take $5 in Cash and a Quantity of Fine Silks From Simmons Company—Leave No Trace.

Thieves entered the Simmons dry goods store at Parnell last night via the rear door route, and after ransacking the place got away with a quantity of fine silks and about $5 in cash, totaling in the neighborhood of $300.

When employees came to the store this morning they found the back door "jimmied" but no trace was left by the burglars.

Leave for Syracuse, Kansas.

Harley E. Hughes left this morning for Syracuse, Kansas, where he has accepted a position as ticket clerk for the Santa Fe railroad at that place. Harley held this position in Syracuse for two years prior to his enlistment in the army last June. He has been visiting with his parents, Mr. and Mrs. D. M. Hughes of Maryville, for the last month since his return from overseas duty.

PLAN GREAT HONOR FOR NEW HEROES

CAPTAIN ALCOCK AND LIEUT. BROWN TO BE GIVEN GREAT OVATION IN LONDON

FIRST NON-STOP TRIP

1,900 Miles of Water Covered in Sixteen Hours and Twelve Minutes.

London, June 16.—The final goal of all the ambitions which flying men have ventured to dream since the Wright brothers first rose from the earth in a heavier-than-air machine was realized yesterday morning, when the young British officers, Capt. John Alcock and Lieut. Arthur Brown, landed on the Irish coast after the first nonstop flight across the Atlantic ocean.

Their voyage was without accident, and yithout unforeseen incident so far as can be learned. It was a straightaway clean-cut flight achieved in sixteen hours and twelve minutes—from Newfoundland to Clifden, Ireland, a distance of more than 1,900 miles— or at the rate of 120 miles an hour.

But the brief and modest description which comes from the air men at Clifden tells of an adventurous and amazing hazardous enterprise. Fog and mists hung over the North Atlantic, and the Vickers-Vimy biplane climbed and dove, struggling to extricate herself from the folds of the airplane's worst enemy.

She rose to 11,000 feet, swooped down almost to the surface of the sea and at times the two navigators found themselves flying upside down only close to the water,

The flight of the Vickers-Vimy biplane across the Atlantic was one of three recent notable and daring achievements by airmen.

To Captain Alcock and Lieutenant Brown goes the honor of having made the first nonstop air passage of the Atlantic, the achievement going to the credit of Great Britain.

The Atlantic had already been spanned in an air journey, however, the feat having been performed by American naval officers in the seaplane NC-4, with a stop at the Azores on the way from Newfoundland to Lisbon, Partugal, the journey beginning May 16 and ending May 27.

Less successful, but no less daring than the achievement of the Vickers-Vimy pilot and navigator, was the recent flight by two other British airmen, Harry G. Hawker and Lieut. Com. Mackenzie Grieve. On May 19 they covered more than half the distance across the Atlantic before being forced to alight in midocean. For nearly a week they were given up for lost, but finally turned up safe on board a small craft, which took them almost to Ireland before the news of their dramatic rescue was relayed ashore by a British destroyer.

London, June 16.—Preparations for a reception even greater than that given to Hawker has been arranged for Captain Alcock and Lieutenant Brown when they arrive here.

What Nodaway County Has to Back Up Its Future Development

NOT only is Nodaway county rich in the natural resources that have already made possible the development of the agricultural and live stock industries to a point that has placed the county in the foremost rank among the counties of the great Corn Belt, and the pure bred live stock centers of the whole world, but its people have sufficient funds in the banks of the county to finance their business on a cash basis and to back any future industrial enterprise they may undertake.

Two hundred fifty millions in property and over nine millions in money to insure the success of any industrial enterprise undertaken by its citizens.

Over $9,000,000 in the Banks.

The official statement of the banks of Nodaway County at the close of business on March 4th, 1919, showed deposits totalling $9,012,666.25. In other words, the people of the county had on hand, at that time, more than nine millions of dollars, in ready cash, with which to buy farms, implements, live stock, provisions and other necessities and to carry on their business of farming.

$$$$

Ninety-five per cent of the country's business is done on credit. If the nine million dollars on deposit in Nodaway County banks represents but five per cent of the possible industrial ability of the county, it will be seen that to reach the proportionate average, for the entire country, Nodaway County could do an annual business of one hundred and eighty millions on its present financial strength.

Not What Has Been—but What Will Be.

But it is not what has already been accomplished that makes a county or a state or a country prosperous and attractive, but what may be accomplished, and it is a notable fact that we have not reached anything like the possibilities of the development of the county in many branches of its much diversified farming industry.

The fact that it has already been possible for the citizens of Nodaway County to build a commonwealth in which the assessed valuation is sixty-four millions of dollars, and done so exclusively by the cultivation of land, only proves that the county is an exceptionally substantial and fertile field for the production of still greater wealth and for the steady, strong growth of future industry.

THE SERVICE OF ITS FINANCIAL INSTITUTIONS

Nodaway County has twenty three banks located in the fifteen towns of the county. Each of these institutions is performing a valuable service in financing the affairs of its community and contribuates in no small way to the stability of the enterprises it serves. These banks are strong financially, liberal in their policy, and reflect in a very positive way the financial potentiality of the community.

Northwestern Bank	Burlington Junction, Mo.	342,681.66
Total		$9,012,666.25

The total resources of the County's banks is approximately twice the amount of their deposits, their capialization represents a money investment of probably more than any other class of business except farming, and they are conducted by men of broad experience, good judgment and close personal affiliation with every activity of the community.

NO MORE PIONEERING TO DO.

The hardships of pioneer life lie in the dim and distant past in Nodaway County. We who are now here are reaping the benefits that have grown from the good seed planted by the stalwart men and strong-hearted women who gave up the advantages of civilization in order to found a new empire in this wonderfully fertile prairie and made Nodaway bloom with great fields of waving corn. But for the men who are interested in the future development of the county, here is the product of another pioneer—a more modern pioneer, the man who has helped to enrich the world by building up of pure bred live stock, the man has worked for the financial capitalization of the county's resources until its industry—its business—is on a firm foundation. From the work of such pioneers as this we can go on to a future development that will have back of it the solid rock of a firm financial standing, well established farms, world-renowned herds and excellent local shipping points and trade centers.

EXCEPTIONALLY GOOD SCHOOLS

The future welfare of Nodaway County's youthful citizens is amply provided for in educational institutions. There is a good elementary school within easy reach of every child, a good High School in every township and a State Teachers' College at the county's geographical center and county seat, Maryville.

So progressive is our system of rural school teaching that noted educators from all parts of the United States and one representative from South America have come here to study new methods and get ideas and inspiration to be applied to their own communities.

A FEW HOURS FROM THE BIG MARKETS

Four lines of railroad give transportation facilities for every portion of the county and two of the most important live-stock markets in the United States—St. Joseph and Omaha—are located within less than 100 miles of any part of the county, while Kansas City, St. Louis and Chicago are within easy shipping distance.

There are fifteen towns in Nodaway County so located that no farm home is more than a few miles from at least one good marketing place and many have the choice of two or three good towns in which to do their trading. Maryville, the county seat, is the largest town in the northwestern section of the state outside of St. Joseph and the automobile brings it within easy driving distance of any resident of the county.

A GOOD PLACE TO LIVE

These are some of the reasons why Nodaway County is a good place in which to live—where the natural resources and established economic conditions combine for real happiness and prosperity.

A. D. Folker who was in Maryville last week in the interest of a farm bureau, has been selected as county agent for Wyandotte County, Kan., commencing July 1. The following is from today's Kansas City Times.

A. D. Folker, who has been assistant county agent leader of Missouri the last year with headquarters at Columbia, will begin work July 1, as county agent for Wyandotte County, Kansas. His headquarters will be in Kansas City, Kas. A. G. Van Horn, former agent, resigned March 1. Mr. Folker was three years the county agent of Jewell County Kansas, after which he spent a year at Topeka as farm agent for Shawnee County. With his other work in Wyandotte County, Mr. Folker will give special attention to fruit and truck growing, with particular attention to marketing problems.

NEW TANLAC PLANT IS NOW COMPLETED

Magnificent New Laboratory Has Daily Capacity of 36,000 Bottles.

What is said to be one of the largest pharmaceutical laboratories in the United States has been completed at Dayton, Ohio, for the manufacture of Tanlac, the well-known medicine, which according to recent reports is now having the largest sale of any medicine of its kind in the world.

The erection of the new plant was made necessary by the rapid growth of the business, as the older plant was found to be wholly inadequate to supply the ever-increasing demand which at the present rate of sale will amount to more than five million bottles for the present year alone.

By the erection of this plant the manufacturers of Tanlac are giving to the world just one more evidence of the remarkable growth and expansion of their business, and of their absolute confidence in its future.

This announcement will be read with interest not only by the many thousands of Tanlac agents scattered through out every state of the Union and throughout Canada, but to the millions who have used it beneficially as well.

The new building occupies 60,000 square feet of floor space. It is six stories in height, practically fire-proof throughout, and is of striking architectual design. It also has private railway facilities.

This beautiful new structure now stands in striking contrast beside the older building where Tanlac was first made.

Visitors to the laboratories are strongly impressed with the extremely modern character of the equipment. Everything is provided and splendidly arranged to promote systematic and rapid production. The very latest machinery and devices known to invention and pharmaceutical science are here used.

The interior throughout is finished in spotless white, and all of the large force of employees wear white uniforms, which they are required to change daily. The main offices on the first floor are all finished in Carara marble and mahogany.

The entire process of manufacture is conducted under absolutely sanitary conditions. Even the bottles made expressly to contain Tanlac are washed and sterilized electrically by the ultra violet ray process. They are then filled by automatic machinery and the finished product is therefore never touched by human hands.

When Tanlac was introduced into Canada history repeated itself, and the demand which had been created in the United States was quickly duplicated in the Dominion Provinces. As a result, it was recently found necessary to establish another Tanlac Laboratory at Windsor, Canada, which is on a somewhat smaller scale than the plant at Dayton, but is no less modernly equipped.

These new facilities give a daily capacity of 36,000 bottles, but as Tanlac i srapidly being introduced into foreign countries it is probably only a question of a few years before even larger facilities will become necessary.

While the manufacturers are necessarily working for capacity production, it is a fundamental rule of the Tanlac Laboratories that the quality of the medicine shall never be sacrificed to secure quantity output.

Uniform quality is guaranteed by a series of careful inspectors by expert chemists, from the time the roots, herbs and barks are received in their rough state from all parts of the globe until their medicinal properties have been extracted by the most approved processes. The finished medicine is then bottled, labelled and shipped out to the tens of thousands of druggists throughout the United States and Canada, to supply a demand never before equalled for this or any other medicine.

The executive sales offices are located in Atlanta, Georgia, and occupy almost an entire floor of the Fourth National Bank Building of that city.

Tanlac is sold in Maryville by the Koch Pharmacy and by A. M. Colly, Conception Junction; H. M. Lincoln, Pickering, and Carter Pharmacy, Burington Junction, Mo., and in Barnard, by Bear Drug Store, in Elmo by King Drug Co., and in Clearmont by Dr. W. H. Wiley; Ravenwood by C. A. Shunk. —Adv.

Where Can I Find Relief From Itching, Terrifying Eczema?

Question on Lips Afflicted.

There is a harrassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to the source, which is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. Get a bottle today, and you will see results from the right treatment. Medical advice free. Address Medical Director 48 Swift

AS YOUNG AS YOUR KIDNEYS

The secret of youth is ELIMINATION OF POISONS from your body. This done, you can live to be a hundred and enjoy the good things of life with as much "pep" as you did when in the springtime of youth. Keep your body in good condition, that's the secret.

Watch the kidneys. They filter and purify the blood, all of which blood passes through them once every three minutes. Keep them clean and in proper working condition and you have nothing to fear. Drive the poisonous wastes and deadly uric acid accumulations from your system. Take GOLD MEDAL Haarlem Oil Capsules and you will always be in good condition. You will feel strong and vigorous, with steady nerves and elastic muscles. GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories at Haarlem, Holland.

They are a reliable remedy which has been used by the sturdy Dutch for over 200 years, and has helped them to develop into one of the strongest and hearthiest races of the world. Get them from your druggist. Do not take a substitute. In sealed packages—three sizes.

Why Mazola Saves Money in Cooking and Makes Food Better

ONE of the most important things Mazola does for cooking is to take the place of butter.

In frying or shortening it gives the finest results.

And, pound for pound, it costs considerably less.

Foods cooked with Mazola, or in which Mazola is used, are wholesome, healthful, very easy to digest.

Use ¼ to ⅓ less Mazola for shortening than butter or lard.

In frying, use Mazola over and over again to the last drop —it never absorbs odors or flavors.

No smoking—no soggy cooking.

NOTICE OF SPECIAL ELECTION.

TO ALL THE QUALIFIED VOTERS OF THE CITY OF MARYVILLE, MISSOURI:

Public notice is hereby given to all the qualified voters of the city of Maryville, Missouri, that under and pursuant to the provisions of Ordinance No. 825 of said city of Maryville, duly passed by the Council and approved by the Mayor on the 31st day of May, 1919, a special election will be held in said city of Maryville, Missouri, on Thursday, the 26th day of June, 1919, for the purpose of voting on the proposition to authorize and empower the Council of said city of Maryville to increase the indebtedness of said city of Maryville in the sum of Fifty thousand dollars in addition to the regular income and revenue now provided by law for said city, by issuing and selling in the name and for and on behalf of said city of Maryville, bonds of the par value of Fifty thousand dollars, for the purpose of procuring money to enlarge, extend and improve the water works of said city of Maryville, and to levy and collect a special tax on the taxable property of said city of Maryville, in addition to the regular annual taxes now authorized to be levied in said city, to pay said bonds and interest accruing thereon.

The polling places for said special election shall be as follows:

First Ward—City Fire Station, No. 413 North Market Street.

Second Ward—Sewell Auto Company's, office, No. 114 West 4th Street.

Third Ward—Office of J. H. Gray, No. 114 West 2nd Street.

Fourth Ward—Office of Shoemaker-Bovard Transfer Co., No. 120 East 3d Street.

All in said city of Maryville, Missouri.

The polls will be opened at 6 o'clock in the morning and kept open until sun set on the day of said special election.

Tickets or ballots to be voted at said special election will be provided for voters in the following form "For increase of debt—Yes" and "For increase or debt—No." the former of which shall be taken as a vote assenting to such increase of debt of said city in the amount and for the purposes hereinbefore set forth, and the latter as dissenting therefrom.

If two thirds of the qualified voters of said city of Maryville voting at said special election shall vote "For increase of debt—Yes" then the Council of said city of Maryville shall be thereby authorized and empowered to increase the indebtedness of said city of Maryville, to the amount aforesaid by issuing and selling the bonds of said city to the amount of Fifty thousand dollars as aforesaid, for the purposes aforesaid, and to levy and collect a special tax as aforesaid to pay the principal and interest of such bonds, and to enlarge, extend and improve the water works of said city of Maryville, with the proceeds of the sale of said bonds.

Witness our hands as Mayor and City Clerk of said city of Maryville, Missouri, and the seal of said city, this 11th day of June, 1919.

MILITARY E... FOR BOY SC... S

CAMP JULY 19-28 NEAR GUILFORD TO BE RUN ON MILITARY BASIS

M. A. PEERY COMMANDENT

Strict Penally for A. W. O. L.—Sport and Recreation to Be Big Part of Camp Routine.

A real military camp, with "fatigue" duty, "K. P." and all the other joys of the soldier life, will be that which the Boy Scouts of Maryville and several surrounding towns will attend July 19 to 28, the site to be locatd in the vicinity of Guilford.

The camp this year is planned to be one of the most efficient which has yet been held, and although the boys will be given a touch of the discipline which is enforced in the adult military camps, they will also be afforded pleasures and relaxation which will be of the utmost benefit.

The camp will be in charge of M. A. Peery, who will bear the official title of "Commandant" and will be assisted in his duties by Clifford Hull, Paul Miller, Dick Hotchkin, and Frank Green.

The Maryville scouts, 50 strong, will "shove off" on their hike to the camp at 6 o'clock Saturday morning, July 19. "The boys will march, rain or shine," said Commandant Peery today, "and every boy must carry the full equipment prescribed in the manual to make him eligible to enter the camp. We want boys that are full of life and pep... he said, "and there will be no place on the program for the lazy, listless lad.

It is expected that the Boy Scouts of Ravenwood and Hopkins will march to the camp with the boys from this city and the troops at Burlington Junction and Maitland will go direct to the camp from their homes.

One of the features of the camp this year will be a wireless set by which communication will be held between the camp and Maitland. Townsend Godsey, of this city, has completed the outfit and will send and receive the "official orders" from the Maitland headquarters.

Strict rules have been set forth in regard to absence from the camp and the lad who goes A. W. O. L. will probably find himself facing a court martial with a dishonable discharge as the penalty.

Following are the rules and regulations which will be in force at the camp this summer:

Boy Scout Camp Rules, July 19-28.

1. No boy will be permitted to leave camp without pass. (Except when on detail in charge of an officer).

2. Swimming will be permitted only during swimming hours as designated on program, and then only when in charge of the proper officer. (No ducking or rough play will be per-

ST. JOSEPH STOCKYARDS DEFEAT MARYVILLE 7 TO 5

The Maryville Federals met their first defeat of the season yesterday afternoon at the hands of the St. Joseph Stockyards nine by a score of 7 to 3.

The second inning proved the downfall of the local club when a series of bobbles netted the Stockmen five runs.

After the "blow-up" the Federals settled down and held ther opponents to only two counters in the remaining seven innings. In the seventh, Monk, settled down and held their opponents Junction Boosters, entered the game for the Feds, and with two men on the bags and two down, hit a pretty double which scored two runs.

Sego, a former member of the Kansas City Blues, was the big card of the St. Joseph aggregation and his delivery had the local tossers baffled up until late in the game.

Manager Black for the Federals, pitched a pretty game of ball throughout and although he was given somewhat ragged support in several instances kept the St. Joseph hits well scatered. The line ups:

St. Joseph—Owens, cf; Maxwell, 2b; Scott, 3b; Speaker, rf; Kastner, 1b; Lauder, lf; Poolman, ss; Cox, c; Sego, p.

Maryville—Buhler, cf; Egley, lf; Ferguson, ss; Black, p; Miller, 3b; D. Collins, rf; Scarlett, 1b; Monk, 1b; Denis Collins, 2b; Tobin, c.

On Motor Trip.

REV. SNODGRASS TOOK REV. C. R. GREEN'S PLACE ON PROGRAM

700 TO 1,000 THERE

Rev. Kerr Gave Morning Sermon—Christian Church Quartet and Harmony Duet Furnish Music.

The Workman Chapel held its annual basket dinner and special services yesterday. In the morning Rev. Kerr, pastor of the Methodist church of Clearmont, preached the sermon and the Mt. Pleasant choir and Misses Lucile and Letha Lawson furnished the music. At the afternoon service Rev. R. E. Snodgrass of the First Christian church of Maryville preached the sermon. In his address Rev. Snodgrass dwelt upon the allied interests of the rral and city church and the new problems confronting the church as the reslt of the successful conclusion of the worl d wrae bT conclusion of the world war. The music for the afternoon's services was furnished by a male qartet of the First Christian church of Maryville, composed of H. J. Becker, Rev. R. E. Snodgrass, Hal Catterson and W. E. Goforth and a duet, composed of Miss Green and Miss Cox from the choir of the Harmony church.

Rev. C. R. Green of the Harmony church was to have made the address of the afternoon but was unable to be there, having been unexpectedly called away at the last minute. A crowd, estimated from 700 to 1,000, was in attendance.

The chapel was thoroughly cleaned and repaired for the occasion last Thursday by a group of people in that vicinity who donated their services to the work.

The roads before the chapel were thoroughly dragged and put into first class condition by Jim Bradshaw, Lawrence Asher, William Sherlock, DuMont Murphy.

Several outbuildings were also constructed on the premises, the material for the same being donated by the Ray Brothers Hardware Company of Pickering.

The work of cleaning up the chapel and grounds was done by Irvin Perry and wife, M. E. Buzzard, Arch Carmichael, John Cain and wife, DuMont Murphy, Merlin Smith, Fleta Smith, Mrs. S. G. Asher, Elma Hager, James Hager, Edward Hornbuckle, Marion Curry, Kin and Iver Lattimer, Herman Sear, Joe Workman and wife, Lawrence Asher, Charlie West, Ed Sherlock, Roy Sherlock, Gilbert Sherlock, William Sherlock, Dan Reynolds, Otis Smith, Ed Barker, Mrs. Flossie Tanner, Mrs. William Kluth, Lewis Bunn, George Kunkle, Edward Pearson, Ormand Mitchell, James Brashaw, Charles Workman.

SISTER ANASTASIA, OF ST. FRANCIS HOSPITAL, DEAD

Sister Anastasia, 33 years old, for seventeen years a member of the Order of St. Francis, died at St. Francis hospital at five o'clock yesterday afternoon. Before taking the veil, Sister Anastasia was Catherine Lyons and was the daughter of Mrs. Honora Lyons of Chicago, formerly of Conception. She had been at St. Francis hospital in this city for the past two years. Surviving are her mother, three sisters one of whom is Sister Frances of this city, and seven brothers, two of whom live in this county, Thomas Lyons, north of Maryville, and P. J. Lyons of Conception Junction. The funeral arrangements have not been completed but the services will probably be held Wednesday morning.

PNEUMONIA CLAIMS WELL KNOWN MARYVILLE WOMAN

Mrs. Martha A. Lamar Died Yesterday Morning at Home—Funeral at 2 P. M. Tomorrow.

Mrs. Martin A. Lamar, wife of N. B. Lamar, nearly all her life a resident of Nodaway County, died at 8:15 o'clock yesterday morning at her home, 506 South Buchanan street, after a week's illness of pneumonia. She was a native of Tennessee and was born Nov. 18, 1835. She came to this county from Knoxville, Tenn., when a young girl and had lived here since. She and Mr. Lamar were married in June, 1857. For almost forty years she had occupied the home at the corner of South Buchanan and Edwards streets. Besides her husband, she is survived by a daughter, Mrs. Virgil W. Keyne of this city, and a son, John J. Lamar of St. Louis. Funerela services will be held at 2 o'clock tomorrow at the home, conducted by Rev. W. C. Ferguson, pastor of the Baptist church, and Rev. S. A. Colle of the Presbyterian church. Interment will be in Miriam cemetery.

"LET THE HOGS DO IT" IS ADVISED

60 HOGS CLEAN UP 8-ACRE ALFALFA FIELD IN FOUR DAYS ON WATSON FARM

IT IS A CHEAP REMEDY

Army Worm Makes Its Appearance in the Rye Field on Ogden Farm—Menace Grows Over County.

Last Tuesday Harvey Watson came to town with some specimens of worms which were destroying an alfalfa field and learned that they were Army Worms. Among the remedies suggested was the turning of hogs into the infested field. Not having a sufficient number of hogs on the farm, some were borrowed from the neighbors. By Sunday the hogs had the pest pretty well destroyed and the Army Worm menace on the farm solved. Sixty head of hogs working less than four days cleaned up an eight-acre alfalfa field which is sure "going some" and a cheap riddance of the parasites that are destroying practically every alfalfa field in the county.

On the Cal Pierce farm there are thirty-three acres of alfalfa eight acres in one field and twenty-five acres in another. In the eight-acre field hogs have been running for some time and a careful examination yesterday showed that field free from worms. In the twenty-five acre field which had no hogs in it the worms were found in great number. It can be gathered from these two examples that the turning of hogs into alfalfa fields will help to solve the problem that confronts many of the farmers in the county.

Prof. L. M. Metzler, head of the Agricultural Department of the State Teachers College, who was called to the Ogden farm yesterday found that the Army Worm had made its appearance in a rye field on that farm in as large numbers as it appears in the alfalfa fields. In a wheat field situated next to the rye field not a single worm was found. It seems that the worms are increasing at an alarming rate over the county and may attack the wheat soon.

WABASH FREIGHT DERAILED

Five Cars Went Off Track—Traffic Held Up Until Five o'Clock This Morning.

An extra freight on the Wabash was partially derailed yesterday evening about 5 o'clock three miles east of town. Three oil tank cars and a box car or two went off the track. No member of the train crew was injured. The derailing held up the evening passenger train to Omaha nine hours and the St. Louis train seven hours and one-half. A wrecking train and crew from Stanberry worked until five o'clock this morning clearing the track. The morning trains ran on schedule time.

WILSON FAVORS BEER AND WINE

PRESIDENT STATES THAT MAJORITY FAVOR REPEAL OF WAR TIME PROHIBITION IN PART

CAN DO NOTHING NOW?

The President May Set Aside Law If the War Ends Legally with the Signing of the Treaty.

Paris, June 16.—The majority of the people of the United States favor of a repeal of the war time prohibition in so far as it effects light wines and beer, is the maintenance of President Wilson, but he also holds the position that he will be unable to prevent the law from going into effect, it was learned here today.

There is only one possibility that he will act. If Attorney General Palmer rules that the war ends with the signing of the treaty and the demobilization of the National Army and the National Guard, the President will set aside the war time prohibition.

CHILDREN'S DAY EXERCISES ATTRACT LARGE AUDIENCE

The annual Children's Day program given last night at the Baptist church was one of the most successful that has ever been given at the church and a large crowd gathered to witness the program put on by the little tots.

One of the features of the entertainment was the beautiful scenic work of the platform, which had been transformed into a veritable garden of flowers. Standing beneath an arch of roses, the little folks recited their pieces and gave their musical selections.

One of the most clever numbers on the program was the "Sunbonnet Babies and the Overall Boys". Six tiny couples between the ages of three and four, entertained the audience with their cute little songs and baby gestures.

During the program a number of flower girls distributed flowers among the audience.

After the final number, a collection was taken, the proceeds of which will go to the benefit of the Missouri Baptist Orphan's Home at St. Louis.

THIEVES MAKE A $300 HAUL AT PARNELL STORE

Take $5 in Cash and a Quantity of Fine Silks From Simmons Company—Leave No Trace.

Thieves entered the Simmons dry goods store at Parnell last night via the rear door route, and after ransacking the place got away with a quantity of fine silks and about $5 in cash, totaling in the neighborhood of $300.

When employees came to the store this morning they found the back door "jimmied" but no trace was left by the burglars.

Leave for Syracuse, Kansas.

Harley E. Hughes left this morning for Syracuse, Kansas, where he has accepted a position as ticket clerk for the Santa Fe railroad at that place. Harley held this position in Syracuse for two years prior to his enlistment in the army last June. He has been visiting with his parents, Mr. and Mrs. D. M. Hughes of Maryville, for the last month since his return from overseas duty.

PLAN GREAT HONOR FOR NEW HEROES

CAPTAIN ALCOCK AND LIEUT. BROWN TO BE GIVEN GREAT OVATION IN LONDON

FIRST NON-STOP TRIP

1,900 Miles of Water Covered in Sixteen Hours and Twelve Minutes.

London, June 16.—The final goal of all the ambitions which flying men have ventured to dream since the Wright brothers first rose from the earth in a heavier than air machine was realized yesterday morning, when the young British officers, Capt. John Alcock and Lieut. Arthur Brown, landed on the Irish coast after the first nonstop flight across the Atlantic ocean.

Their voyage was without accident, and yithout unforeseen incident so far as can be learned. It was a straight-away clean-cut flight achieved in sixteen hours and twelve minutes—from Newfoundland to Clifden, Ireland, a distance of more than 1,900 miles— or at the rate of 120 miles an hour.

But the brief and modest description which comes from the air men at Clifden tells of an adventurous and amazing hazardous enterprise. Fog and mists hung over the North Atlantic, and the Vickers-Vimy biplane climbed and dove, struggling to extricate herself from the folds of the airplane's worst enemy.

She rose to 11,000 feet, swooped down almost to the surface of the sea and at times the two navigators found themselves flying upside down only close to the water.

The flight of the Vickers-Vimy biplane across the Atlantic was one of three recent notable and daring achievements by airmen.

To Captain Alcock and Lieutenant Brown goes the honor of having made the first nonstop air passage of the Atlantic, the achievement going to the credit of Great Britain.

The Atlantic had already been spanned in an air journey, however, the feat having been performed by American naval officers in the seaplane NC-4, with a stop at the Azores on the way from Newfoundland to Lisbon, Portugal, the journey beginning May 16 and ending May 27.

Less successful, but no less daring than the achievement of the Vickers-Vimy pilot and navigator, was the recent flight by two other British airmen, Harry G. Hawker and Lieut. Com. Mackenzie Grieve. On May 19 they covered more than half the distance across the Atlantic before being forced to alight in mideocean. For nearly a week they were given up for lost, but finally turned up safe on board a small craft, which took them almost to Ireland before the news of their dramatic rescue was relayed ashore by a British destroyer.

London, June 16.—Preparations for a reception even greater than that given to Hawker has been arranged for Captain Alcock and Lieutenant Brown when they arrive here.

What Nodaway County Has to Back Up Its Future Development

NOT only is Nodaway county rich in the natural resources that have already made possible the development of the agricultural and live stock industries to a point that has placed the county in the foremost rank among the counties of the great Corn Belt, and the pure bred live stock centers of the whole world, but its people have sufficient funds in the banks of the county to finance their business on a cash basis and to back any future industrial enterprise they may undertake.

Two hundred fifty millions in property and over nine millions in money to insure the success of any industrial enterprise undertaken by its citizens.

Over $9,000,000 in the Banks.

The official statement of the banks of Nodaway County at the close of business on March 4th, 1919, showed deposits totalling $9,012,666.25. In other words, the people of the county had on hand, at that time, more than nine millions of dollars, in ready cash, with which to buy farms, implements, live stock, provisions and other necessities and to carry on their business of farming.

$$$$

Ninety-five per cent of the country's business is done on credit. If the nine million dollars on deposit in Nodaway County banks represents but five per cent of the possible industrial ability of the county, it will be seen that to reach the proportionate average, for the entire country, Nodaway County could do an annual business of one hundred and eighty millions on its present financial strength.

Not What Has Been—but What Will Be.

But it is not what has already been accomplished that makes a county or a state or a country prosperous and attractive, but what may be accomplished, and it is a notable fact that we have not reached anything like the possibilities of the development of the county in many branches of its much diversified farming industry.

The fact that it has already been possible for the citizens of Nodaway County to build a commonwealth in which the assessed valuation is sixty-four millions of dollars, and done so exclusively by the cultivation of land, only proves that the county is an exceptionally substantial and fertile field for the production of still greater wealth and for the steady, strong growth of future industry.

THE SERVICE OF ITS FINANCIAL INSTITUTIONS

Nodaway County has twenty three banks located in the fifteen towns of the county. Each of these institutions is performing a valuable service in financing the affairs of its community and contribuates in no small way to the stability of the enterprises it serves. These banks are strong financially, liberal in their policy, and reflect in a very positive way the financial potentiality of the community.

Northwestern Bank	Burlington Junction, Mo.	342,681.66
Total		$9,012,666.25

The total resources of the County's banks is approximately twice the amount of their deposits, their capialization represents a money investment of probably more than any other class of business except farming, and they are conducted by men of broad experience, good judgment and close personal affiliation with every activity of the community.

NO MORE PIONEERING TO DO.

The hardships of pioneer life lie in the dim and distant past in Nodaway County. We who are now here are reaping the benefits that have grown from the good seed planted by the stalwart men and strong-hearted women who gave up the advantages of civilization in order to found a new empire in this wonderfully fertile prairie and made Nodaway bloom with great fields of waving corn. But for the men who are interested in the future development of the county, here is the product of another pioneer—a more modern pioneer, the man who has helped to enrich the world by building up of pure bred live stock, the man has worked for the financial capitalization of the county's resources until its industry—its business—is on a firm foundation. From the work of such pioneers as this we can go on to a future development that will have back of it the solid rock of a firm financial standing, well established farms, world-renowned herds and excellent local shipping points and trade centers.

EXCEPTIONALLY GOOD SCHOOLS

The future welfare of Nodaway County's youthful citizens is amply provided for in educational institutions. There is a good elementary school within easy reach of every child, a good High School in every township and a State Teachers' College at the county's geographical center and county seat, Maryville.

So progressive is our system of rural school teaching that noted educators from all parts of the United States and one representative from South America have come here to study new methods and get ideas and inspiration to be applied to their own communities.

A FEW HOURS FROM THE BIG MARKETS

Four lines of railroad give transportation facilities for every portion of the county and two of the most important live-stock markets in the United States—St. Joseph and Omaha—are located within less than 100 miles of any part of the county, while Kansas City, St. Louis and Chicago are within easy shipping distance.

There are fifteen towns in Nodaway County so located that no farm home is more than a few miles from at least one good marketing place and many have the choice of two or three good towns in which to do their trading. Maryville, the county seat, is the largest town in the northwestern section of the state outside of St. Joseph and the automobile brings it within easy driving distance of any resident of the county.

A GOOD PLACE TO LIVE

These are some of the reasons why Nodaway County is a good place in which to live—where the natural resources and established economic conditions combine for real happiness and prosperity.

Folker to Wyandotte County, Kan.

A. D. Folker who was in Maryville last week in the interest of a farm bureau, has been selected as county agent for Wyandotte County, Kan., commencing July 1. The following is from today's Kansas City Times.

A. D. Folker, who has been assistant county agent leader of Missouri the last year with headquarters at Columbia, will begin work July 1, as county agent for Wyandotte County, Kansas. His headquarters will be in Kansas City, Kas. A. G. Van Horn, former agent, resigned March 1. Mr. Folker was three years the county agent of Jewell County Kansas, after which he spent a year at Topeka as farm agent for Shawnee County. With his other work in Wyandotte County, Mr. Folker will give special attention to fruit and truck growing, with particular attention to marketing problems.

NEW TANLAC PLANT IS NOW COMPLETED

Magnificent New Laboratory Has Daily Capacity of 36,000 Bottles.

What is said to be one of the largest pharmaceutical laboratories in the United States has been completed at Dayton, Ohio, for the manufacture of Tanlac, the well-known medicine, which according to recent reports is now having the largest sale of any medicine of its kind in the world.

The erection of the new plant was made necessary by the rapid growth of the business, as the older plant was found to be wholly inadequate to supply the ever-increasing demand which at the present rate of sale will amount to more than five million bottles for the present year alone.

By the erection of this plant the manufacturers of Tanlac are giving to the world just one more evidence of the remarkable growth and expansion of their business, and of their absolute confidence in its future.

This announcement will be read with interest not only by the many thousands of Tanlac agents scattered through out every state of the Union and throughout Canada, but to the millions who have used it beneficially as well.

The new building occupies 60,000 square feet of floor space. It is six stories in height, practically fire-proof throughout, and is of striking architectual design. It also has private railway facilities.

This beautiful new structure now stands in striking contrast beside the older building where Tanlac was first made.

Visitors to the laboratories are strongly impressed with the extremely modern character of the equipment. Everything is provided and splendidly arranged to promote systematic and rapid production. The very latest machinery and devices known to invention and pharmaceutical science are here used.

The interior throughout is finished in spotless white, and all of the large force of employees wear white uniforms, which they are required to change daily. The main offices on the first floor are all finished in Carara marble and mahogany.

The entire process of manufacture is conducted under absolutely sanitary conditions. Even the bottles made expressly to contain Tanlac are washed and sterilized electrically by the ultra violet ray process. They are then filled by automatic machinery and the finished product is therefore never touched by human hands.

When Tanlac was introduced into Canada history repeated itself, and the demand which had been created in the United States was quickly duplicated in the Dominion Provinces. As a result, it was recently found necessary to establish another Tanlac Laboratory at Windsor, Canada, which is on a somewhat smaller scale than the plant at Dayton, but is no less modernly equipped.

These new facilities give a daily capacity of 36,000 bottles, but as Tanlac i srapidly being introduced into foreign countries it is probably only a question of a few years before even larger facilities will become necessary.

While the manufacturers are necessarily working for capacity production, it is a fundamental rule of the Tanlac Laboratories that the quality of the medicine shall never be sacrificed to secure quantity output.

Uniform quality is guaranteed by a series of careful inspectors by expert chemists, from the time the roots, herbs and barks are received in their rough state from all parts of the globe until their medicinal properties have been extracted by the most approved processes. The finished medicine is then bottled, labelled and shipped out to the tens of thousands of druggists throughout the United States and Canada, to supply a demand never before equalled for this or any other medicine.

The executive sales offices are located in Atlanta, Georgia, and occupy almost an entire floor of the Fourth National Bank Building of that city.

Tanlac is sold in Maryville by the Kooh Pharmacy and by A. M. Colly, Conception Junction; H. M. Lincoln, Pickering, and Carter Pharmacy, Burington Junction, Mo., and in Barnard, by Bear Drug Store, in Elmo by King Drug Co., and in Clearmont by Dr. W. H. Wiley; Ravenwood by C. A. Shunk. —Adv.

Where Can I Find Relief From Itching, Terrifying Eczema?

Question on Lips Afflicted.

There is a harrassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep to the source, which is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. Get a bottle today, and you will see results from the right treatment. Medical advice free. Address Medical Director, 48 Swift

LOCAL PEOPLE TO ATTEND COLUMBUS CELEBRATION

Harry Price and Jesse Boatman to Represent Maryville in Centenary Cadet Organization.

Maryville will be well represented at the big Centenary Celebration of the Methodist churches which is to be held at Columbus, Ohio, June 20—July 13. Miss Dale Hulet, Rev. and Mrs. G. S. Cox, and Mr. and Mrs. R. S. Braniger of this city are planning to attend the big event.

Harry Price and Jesse Boatman will be two of the one thousand boys from throughout the United States who will be initiated into the new order of Centenary Cadets. The boys will be taken from both the North and the South Methodist churches and as a part of the initiatory ceremony, the entire organization will be reviewed by General Wood of Chicago, chief of the Central Division headquarters of the United States Army.

The boys will go into an encampment at Columbus, similar to a military camp, and will be given military training and instruction in addition to the regular daily routine of sports and recreation.

Price and Boatman will leave for Columbus tomorrow and the other members of the Maryville party will leave at later dates.

AS YOUNG AS YOUR KIDNEYS

The secret of youth is ELIMINATION OF POISONS from your body. This done, you can live to be a hundred and enjoy the good things of life with as much "pep" as you did when in the springtime of youth. Keep your body in good condition, that's the secret.

Watch the kidneys. They filter and purify the blood, all of which blood passes through them once every three minutes. Keep them clean and in perfect working condition and you have nothing to fear. Drive the poisonous toxins and deadly uric acid accumulations from your system. Take GOLD MEDAL Haarlem Oil Capsules and you will always be in good condition. You will feel strong and vigorous, with steady nerves and elastic muscles. GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories at Haarlem, Holland.

They are a reliable remedy which has been used by the sturdy Dutch for over 200 years, and has helped them to develop into one of the strongest and hearthiest races of the world. Get them from your druggist. Do not take a substitute. In sealed packages—three sizes.

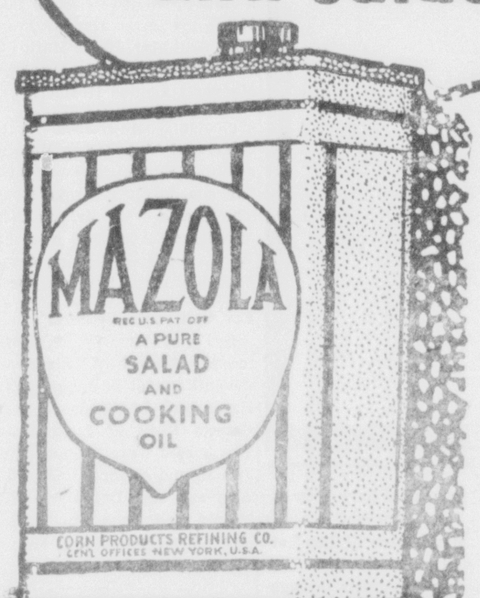
The Perfect Oil for Cooking and Salads



Why Mazola Saves Money in Cooking and Makes Food Better

ONE of the most important things Mazola does for cooking is to take the place of butter.

In frying or shortening it gives the finest results.

And, pound for pound, it costs considerably less.

Foods cooked with Mazola, or in which Mazola is used, are wholesome, healthful, very easy to digest.

Use ¼ to ⅓ less Mazola for shortening than butter or lard.

In frying, use Mazola over and over again to the last drop —it never absorbs odors or flavors.

No smoking—no soggy cooking.
